

LIFE SCIENCE: an introduction to the study of life and living things.

Class Website: <http://mrsrobbinsclassroompage.weebly.com/>

Rules

BE PROMPT!

Be in your seat BEFORE the bell rings. You will be marked tardy if you are not in your seat at that time.

BE PREPARED!

Bring all required materials to class, every day. You will be marked tardy if you are not prepared for class. Chronic unpreparedness is unacceptable!!

BE PRODUCTIVE!

Listen to instructions the FIRST time they are given and stay on task (the more you get done during class the less you have to do at home)!

BE POLITE!

Respect each other and the equipment in the science room. Do not interfere with the learning of any student at any given time.

Mrs. Robbins arobbins@hansen.k12.id.us
Room 1 (208) 423-5593 ext.2218

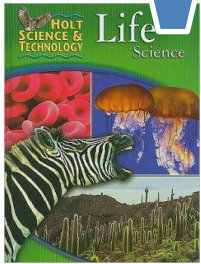

Units:

- 1 • Introduction to Life Science
- 2 • Cells
- 3 • Genetics & Evolution
- 4 • Classification & Kingdoms
- 5 • Ecology
- 6 • Human Body

1 Jr. High science credit per semester

Open to all 7th graders

Title: Life Science
Author: Holt
Publisher: Houghton Mifflin Harcourt

Required

Textbook
Interactive Notebook
Sharpened Pencil or Pen
Completed Assignments

Recommended

Calculator
USB Drive
Colored Pens/Pencils
Highlighter

~Grades~

Register to receive class reminders via text message: <https://www.remind.com/join/3d1c>

Late Work: Life Happens! If you anticipate an assignment being late please let me know so we can work out an acceptable arrangement. Failure to do so will result in a 10% grade reduction per day late. No work will be accepted one week after the posted deadline, unless prior arrangements have been made. Work not turned in will receive a zero.

***NOTE:** I can't grade what I can't read! Illegible assignments and/or assignments containing numerous grammatical errors that restrict the flow of communication will be returned ungraded and must be redone. The assignment will be subject to a late penalty.
